TendaPod™

Fast • Convenient • Economical

Simply toss 1 TendaPod into the bathing bucket, add water,
and sponge bathe up to 3 horses. **You're done!**

10
pods

It is time to think outside the bottle!

Most equine shampoos contain anywhere from 50% to 80% water. You already have the water, so why pay to have water shipped to your barn?

Just buy the shampoo!

Our scientifically developed, fast-acting suds guarantee you will be bathing your horse like a professional groom in no time!

DIRECTIONS:

1. Place 1 Original TendaPod in the bottom of an empty bucket
2. Fill the bucket with high velocity water from the hose or barn spigot
3. Bathe and rinse the horse
4. Refill the bucket
5. Bathe and rinse the next horse
6. Refill the bucket
7. Bathe and rinse the next horse

Remember - Do not dump your bucket until all the suds are gone!

More horses to bathe?

Throw in another TendaPod and start the process again.

PRECAUTIONS:

WARNING - THIS PRODUCT MAY LOOK LIKE CANDY TO CHILDREN. THIS PRODUCT MAY LOOK LIKE A HORSE TREAT. DO NOT EAT, CONSUME, OR INGEST THIS PRODUCT. KEEP OUT OF REACH OF CHILDREN AND ANIMALS. THIS IS NOT FOOD. ABSOLUTELY NOT FOR HUMAN OR ANIMAL CONSUMPTION. IF POD CONTENTS COME INTO CONTACT WITH SKIN OR EYES FLUSH WITH COPIOUS AMOUNT OF WATER. Keep bag securely closed when not in use. Do not place wet hands in the bag. Water will dissolve the shampoo pods. Store in a dry place. Do not use this product in a dishwasher or clothes washing machine.
